NATHANAEL UKPONG

FULL STACK WEB DEVELOPER

(Frontend Heavy)

With Expertise in User Experience Design

ABOUT ME

Highly skilled and motivated Full Stack Web Developer with expertise in Frontend development and User Experience (UX) Design. Proficient in MERN and Django stacks, with a strong focus on delivering high-quality, user-centric solutions. Experienced in brand identity/logo design, complementing my development capabilities. Passionate about creating intuitive, visually appealing, and efficient web applications. Demonstrated ability to design and develop robust web applications, ensuring seamless user experience and optimal functionality. Strong problem-solving skills and a passion for staying up-to-date with the latest industry trends and technologies. Committed to delivering high-quality code and exceeding client expectations.

WORK EXPERIENCE

2020-Present

LEAD WEB DEVELOPER

Sphenyx Digital Agency • Uyo, Hybrid

- Developed and maintained responsive web applications using MERN and Django stacks, ensuring seamless functionality, optimal user experience and performance.
- Collaborated with cross-functional teams to gather requirements, design user interfaces, and implement frontend features.
- Collaborated with stakeholders to gather requirements, design database models, and implement backend logic.
- Conducted code reviews and implemented best practices to enhance code quality and maintainability.
- Implemented & integrated RESTful APIs and third-party services to improve application functionality and data retrieval.
- Designed and implemented database structures, ensuring data integrity and efficient query performance.
- Utilized version control systems (e.g., Git) and project management tools (e.g., Jira) to facilitate collaboration and project tracking.
- Assisted in brand identity/logo design projects, creating visually appealing and memorable assets.

2020

BRAND IDENTITY/LOGO DESIGNER

Quetas Couture • Uyo, Onsite

- Assisted in brand identity/logo design projects, ensuring consistent branding across platforms.
